

Paid Summer 2023 Apprenticeships Available for Undergraduate Students at AU

- Two (2) positions for undergraduates are available on a nationwide competitive basis in the laboratory of Dr. Jay Hegdé at the Medical College of Georgia (MCG) of Augusta University (AU) in Augusta, GA.
- Sponsored by the Undergraduate Research Apprenticeship Program (URAP) of the U.S. Army Educational Outreach Program (AEOP) (www.usaeop.com).
- The apprentices will have an opportunity to learn cutting-edge **brain research** methods, including functional magnetic resonance imaging (fMRI). For more info about our research, please visit www.hegde.us.
- Each apprentice will be paid \$15/hour for up to 300 hours (8-10 weeks) of research work carried out during the summer of 2023.
- Highly motivated students interested in STEM research are encouraged to apply, *regardless of their GPA*.
- To view all the eligibility requirements and to apply, please visit <https://www.usaeop.com/program/undergraduate-apprenticeships/> (find the yellow “**APPLY NOW**” tab at the bottom of the page and look for “Augusta University”).
- *The application portal is open now, and closes on March 5, 2023.*
For additional information, please visit the AEOP website noted above or contact Dr. Hegdé at jhegde@augusta.edu or (706)721-5129.
